PASSED INTO HISTORY

The G. A. R. Encampment Is Over.

THE LAST DAY'S PROCEEDINGS.

Veterans Get Through With Their Business, but the Ladies Were Delayed—Officers Elected by the Different Orders—A Big Barbecue For the Visitors—The Last Event a Sad One.

LOUISVILLE, Sept. 14.—So far as the veterans are concerned, the 29th annual encampment closed last night with as many attractions as on any other night of the week. The ladies, however, did not get quite through with their business yesterday. There were over 70,000 at the "Old Kentucky Barbecue" and last night the campfires were largely attended with the principal events at Music Hall, Phoenix Hill garden and National park. Among the speakers were Generals Gordon, Buckner, J. W. Burke, Cassius M. Chay, Senator Burrows, Colonels M. D. Wickersham, Samuel McKee, H. C. Russell, John H. Leathers and others.

The veterans remain longer than usual this week, as many are going to other army events further south and to the Atlanta exposition. General Lawler and staff leave Sunday night to spend the first part of the week at the national encampment of the Sons of Veterans and the last of next week at Chattanooga and the Chickamauga battle field.

Resolutions were adopted at the national encampment of the Grand Army declaring it the sense of that body that all old veterans should be favored by civil service boards, that such boards should not discriminate against these heroes of the rebellion on account of their age.

Another matter of interest was the adoption of a resolution favoring the placing of flags upon every school building and the introducing of military drills in the public school curriculum.

There was an adverse report made on the resolution favoring the establishment of a national university of patriotism and the report was adopted. The camp further declared itself against long parades and marches at future encampments. This was brought about on account of the large number of veterans who are becoming too old and feeble to endure them.

It was decided that a special celebration should be held on the next anniversary of the establishing of the first Grand Army post.

Resolutions were adopted asking congress to make an annual appropriation to defray the expenses of conducting memorial day services in national cemeteries. Another was adopted favoring the establishment of a military post at Vicksburg, Miss., and for the erection of a soldiers' home at Camp Supply, Oklahoma.

The report of the committee on pensions, after reviewing the work accomplished by the soldiers of the Union during the war and the laws passed in their behalf and commenting on their justice, says: "Receding from no position that we have heretofore taken, reaffirming all our previous declarations on the subject, we specially demand a liberal and just construction of the laws passed for the benefit of the pensioner to the end that in his declining years he may not be harassed with doubts born of distrust or the difficulties thrown around him by a rigorous and restricted construction of the laws passed in the effort to relieve his condition." The report was unanimously adopted.

The reports from the committees on the officers who have served during the last year commended them all for the diligent and faithful performance of their duties.

A resolution was adopted appointing a committee of five to arrange for the erection of a monument at Washington to commemorate the loyal women who served as nurses or in other ways aided the soldiers of the Union during the rebellion.

A resolution was adopted empowering the commander-in-chief and council of administration to change the place of holding the next encampment should the railroads or hotels not make satisfactory rates.

A rule was made permitting posts to consolidate as the memberships grow less.

A resolution was adopted recommending that congress shall pass a law equalizing the pensions of war widows so that all shall receive at least \$12 a month. Some of them are now receiving from \$8 to \$10 a month.

The senior vice commander surgeon general and junior vice commander were then installed, after which the chaplain and commander-in-chief were in turn installed.

The encampment then adjourned to meet in St. Paul next year.

Commander-in-chief Walker said that he would not announce his staff until next week. He will issue the order appointing it from Indianapolis, where headquarters will be established.

While it is true that Commander-in-chief Walker will not announce the names of the men he intends to appoint upon his staff until next week, he told an intimate friend last night that he intended to appoint General Irwin Robbins, now a brigadier general in the Indiana national guard, as his adjutant general. General Robbins was assistant adjutant general to Colonel Irwin while he was department commander of Indiana.

Quartermaster General Burst will also be retained for the present and no

other appointments or staff officers will be announced for several weeks.

Woman's Relief Corps.

LOUISVILLE, Sept. 14.—The Woman's Relief corps did nothing during the day owing to the injunction against the national officers restraining them from unseating Mrs. Ada F. Clark of Canton, one of the past commanders of the department of Ohio, who had been court-martialed and suspended and was reinstated at Washington three years ago.

The ladies remained in Library hall holding campfires and receptions, listening to the old army nurses tell their experiences while the lawyers were arguing at the courthouse for and against making the Clark injunction permanent. Mrs. Clark insisted that she had no desire to delay business, but the other ladies would not proceed till the court decided whether Mrs. Clark should be allowed to remain in the hall. Late in the afternoon the injunction was dissolved, thus defeating Mrs. Clark.

The following officers were then elected: President, Mrs. Elizabeth A. Turner of Massachusetts; senior vice president, Mrs. Mary A. Ninekirk of Kentucky; junior vice president, Mrs. Steimke of Missouri; treasurer, Mrs. Bagley of Ohio. The other officers were not elected.

Mrs. Wallace, the retiring president, was presented with a fine set of cut glass and Mrs. Turner with floral designs.

Ladies' Circle.

LOUISVILLE, Sept. 14.—The Ladies' Circle of the G. A. R. was in continuous session from 9 a. m. to 9 p. m. and adjourned without finishing all their business. The morning session was devoted to considering the action of the national meeting at Pittsburg last year in abolishing benefits. After long discussions this action was rescinded and the question of benefits was left to each state department to adopt its own laws on benefits.

It was decided to prohibit members from holding office in the Women's Relief Corps and afterward reconsidered.

The election of officers resulted as follows:

President, Mrs. Catherine Hirst of Kentucky; senior vice president, Mrs. Nellie Royce of Washington; junior vice president, Mrs. Lou J. Broyles; treasurer, Mrs. F. E. George of Washington; chaplain, Mrs. Hettie McHenry of Colorado; counselor, Mrs. Gunlock of Chicago; the retiring president; council of administration, Mrs. Flora Davey, Minnesota; Mrs. Mary Ely, Pennsylvania, and Mrs. Francis Hubbard of Illinois.

Daughters of Veterans.

LOUISVILLE, Sept. 14.—The Daughters of Veterans elected the following national officers: Mrs. Helen M. Walker, Worcester, Mass., president; Mrs. Alice Ingram, Chattanooga, Tenn., senior vice president; Mary Brown, Spokane, Wash., junior vice president; Miss Lizzie Kimball, Fitchburg, Mass., secretary; Ida J. Allen, Newton, Mass., treasurer; Miss Anna Redding, Lincoln, Neb., chaplain; Miss Mary Egerton, Chicago, inspector; Miss Kate M. Connor, Allegheny, Pa., mustering and installing officer; Miss Annie Schmid of St. Louis, Miss Gladys Foester of Hiawatha, Kan., Minnie Trescott of Alliance, O., Miss Eveline Monroe of Worcester, Mass., and Julia Croft of Cleveland, trustees; for inner guard, Alice G. Knowlton of West Medford, Mass., and Cora Owens of Fremont, Neb., were elected; Lillian E. Wood of Connersville, Ind., was chosen musician.

Ex-Prisoners of War.

LOUISVILLE, Sept. 14.—The National Association of Ex-Prisoners of War elected: President, George W. Grant of Minnesota, vice president, Charles F. Sheriff of Pennsylvania; chaplain, John S. Ferguson of Iowa; secretary and treasurer, S. W. Long of New Jersey. Executive committee—S. M. Long, New Jersey; J. C. Seeley of Minnesota, and Anson Bliss of Michigan.

BIGGEST OF ALL BARBECUES.

One of the Events to Entertain G. A. R. Visitors.

LOUISVILLE, Sept. 14.—While the Ladies of the G. A. R. and the Women's Relief Corps as well as the national encampment proper continued their sessions there was a special attraction for those who are not delegates in either of these three assemblies. At Wilder park the entire day was devoted to the most mammoth "Old Kentucky Barbecue" that was ever spread.

Early in the morning the streetcars were overtaxed by the multitude en route to the great frolic of the blue and gray at which the former were special guests and to which the gates were open free to the public. At 10 a. m. the performance began. Over 300 Blue Grass cattle, 300 lambs and 200 sheep were barbecued in full view of all the visitors. Fifteen kettles, holding 7,500 gallons of burgoo, were made on the grounds, from which the guests were served, and the best brands of Bourbon, lager and cigars were as plenty and as free as the leaves on the trees in that beautiful forest.

A grand chorus of over 300 voices, including members of all the Louisville colored choirs and musical associations, made the groves ring as the first temples of peace and joy for all. A genuine old plantation cake walk with southern melodies by colored citizens from all parts of the south was the leading feature of the many entertainments that were given in connection with the "good things to eat and drink."

SAD FEATURES OF THE EVENT.

Funeral of the Five Men Blown to Atoms on Wednesday.

LOUISVILLE, Sept. 14.—The week of unprecedented hospitality and good will

in connection with the 29th national encampment of the G. A. R. closes with sadness. While the funerals of the five victims of Wednesday's explosion were in progress, fully 100 were suffering from injuries at the collapse of the grandstand during the display of fireworks Thursday night.

In addition to the 50 names of the injured given last night, there are about 50 others who were taken to their homes in carriages by friends. Only the names of those taken away in ambulances were available.

The hospitals are full of patients suffering from the effects of heat and injuries received at the fireworks accident. At the hospitals all are reported as doing well. So far as reports can be learned from 50 or more homes where the injured are being cared for they are all doing well except Mrs. S. Hirschfeld, who had her feet mashed and hip dislocated and may not recover.

Edward Hoar, a musician of Springfield, O., who was not on the grand stand, but on top of a sanitary booth that caved in during the fireworks, is in a serious condition. His left side was crushed.

In the list of injured previously sent, the name of Mrs. Donald McDonald of Chicago was an error. It should have been Mrs. Kenneth McDonald of Louisville. Others injured were Albert Edinger, ankle sprained and foot bone broken. Mrs. John Edinger, foot crushed. Thomas Welsh fell through a skylight while viewing the fireworks and was badly injured.

All of the three organizations in session here sent beautiful floral offerings and communions or one from each state to the funerals of the five victims of Wednesday's explosion.

AFTER TWO WEEKS.

Twenty-Three Witnesses Examined in the Duran Trial.

SAN FRANCISCO, Sept. 14.—The prosecution in the trial of Theodore Duran has thus far examined 23 witnesses and has occupied two weeks in its work.

These are less than half the number to be examined in its direct case and the most important are yet to be placed on the stand. It is said that the next four witnesses will take Duran and his alleged victim up and into the church where the girl met her death. The examination will probably take all of next week.

Ever since the case in the superior court began a girl of prepossessing appearance has haunted the courtroom. For a time she brought every morning a bunch of flowers which she sent to the prisoner by a deputy sheriff. This action attracted so much attention, however, that she discontinued it. During the proceedings she sits with her eyes riveted on Duran's face. The prisoner never gives her any attention, but the police believe they are at least acquainted.

Duran is said to have written a long note in court, the missive being delivered to the unknown by the prisoner's father after the court adjourned.

The young woman lives in Oakland, but although detectives have been detailed to locate her, she always manages to elude them. She is perfectly aware that she is being watched and seems determined to avoid identification.

LAKE STEAMER ASHORE.

Fay of the Minch Transit Company Aground on Starve Island Reef.

SANDUSKY, O., Sept. 14.—The big steamer Fay of the Minch Transit company, which has been aground on Starve island reef since Thursday morning, has not yet been released. She had a cargo of 2,000 tons of ore, 500 tons of which have been lightered and jettisoned. The tugs are at work endeavoring to get her off, but so far without success.

The tug Dan Connelly has left here with 20 men and a load of provisions for the crew of the stranded vessel. The Fay is in a very dangerous place, and, with the northwest storm now blowing, is very liable to receive bad damages. The boat hauls from Cleveland.

Bicycle Rider Killed by Lightning.

ELYRIA, O., Sept. 14.—A fatal accident occurred at Avon during a thunderstorm. Anson Jaycox had been sent after the cows by his father. He mounted his bicycle and hurried away. The storm came up rapidly, and young Jaycox not having returned, his father made search, and found him lying by the road insensible, with his wheel lying twisted and broken by his side, and blood oozing from his mouth. He was carried home, when it was found he had been struck by lightning while on his wheel. He died about an hour after reaching home.

Senator Thurston Sick.

HAILEY, Ida., Sept. 14.—Senator Thurston of Nebraska is ill of cholera morbus at the Hot Springs hotel here.

He went out for a plunge bath Thursday, ate heartily of green corn and watermelon and soon took to his bed.

The worst is feared.

A Lad's Horrible Death in a Mill.

LAFONT, Ind., Sept. 14.—A dispatch from Sturgis says that Julius, aged 16, son of Aug. F. Rahn, was caught by a revolving saw in Aulbrook's furniture factory and literally cut to pieces.

Man of Wealth Missing.

KANSAS CITY, Sept. 14.—William E. Cannon, a wholesale jeweler of this city, well known throughout the country and man of wealth, has been missing since Monday. He has been suffering from malaria and fears are entertained for his safety. He had considerable money about him when last seen.

Cannon is 6 feet tall, of slender build, has blue eyes, light hair and light blonde mustache and is 35 years of age.

NO FEARS OF A PANIC

Gold Reserve Protected by the National Banks.

BOND SYNDICATE NOT IN IT.

A Critical Day in the Financial Field That Will Eventually Result in Good—A Heavy Shipment of Gold Made to England—Treasury Officials Not Alarmed Over the Outlook.

NEW YORK, Sept. 14.—Yesterday was an exciting one and for a time bid fair to be a critical one in the financial field, so that many feared that it might pass into history as a smaller edition of a certain "Black Friday" of years ago. But now the disturbing elements are better understood and the outlook for the treasury and the maintenance of its old reserve is comparatively clear.

Uncertainty as to the intention of the government bond syndicate to maintain the reserve at the century mark, and as to its ability to do so had disturbed the monied interests increasingly throughout the week. A crisis was reached yesterday morning when it was announced that the firm of Lazard Freres, which is a member of the bond syndicate, had engaged \$2,500,000 of gold for shipment.

This announcement naturally gave rise to the impression that the syndicate had withdrawn from its controlling position behind the throne, and it sent quotations tumbling in Wall street, besides starting stories that the syndicate had dissolved, that a bond issue was imminent and that the treasury would fast descend back to its old position of the dark days of last year.

Before the afternoon had passed several of the city banks had come to the aid of the subtreasury with deposits of gold made in exchange for greenbacks. Explanation had been made by members of the syndicate and the firm which started the panic and quiet had been restored when the monied institutions closed their doors for the day.

The gold deposits made by the banks yesterday will offset the shipments of gold to date. The Hanover National bank set the example with a deposit of \$500,000. That made \$3,400,000 in gold that the Hanover bank had paid in, President Howard said, since the last loan was made. The American Exchange National bank also paid into the treasury \$200,000, and the National Bank of Commerce followed suit with another \$200,000. With reference to this deposit, President Sherman said that the \$200,000 represented one-third of his bank's gold holdings, and that if all the banks contributed gold in the same proportion there would be no further difficulty.

The National City bank is credit with an intention to deposit \$500,000 or double that amount. It is expected in banking circles that the deposits of gold made by the banks for greenbacks will reach \$6,000,000 this week. The known shipments to Europe today will be: \$2,500,000 by Lazard Freres; \$1,000,000, by William H. Crossman & Brother; \$600,000 by Hoskier, Wood & Company; \$300,000, by Hard & Rand, and \$100,000 by Nesslage & Fuller, while Handy & Harman will forward between \$150,000 and \$200,000.

This will make a total for the week of \$7,200,000, the largest weekly outflow on record, except \$7,700,000 sent abroad in one week last January, when the drain upon the reserve reached its highest tide.

Explanations of the position of the bond syndicate toward the treasury and of the reasons impelling Lazard Freres to combat the policy of his colleagues were secured by the Associated Press.

The following statement was authorized by the bond syndicate last night:

"The impression has become general that the members of the bond syndicate entered into an agreement with the United States treasury to maintain the \$100,000,000 reserve until Oct. 1, proximo, and that upon that date said obligation will cease. Such is not the case.

"The bond syndicate fulfilled all its obligations to the government last June, and has not since been bound in any way to the treasury. It is true that it has from time to time since last June paid over various sums in gold coin to the treasury which have sufficed to maintain the reserve, but it has done so voluntarily and will continue so to do in the same spirit and for the same motive.

"So far as Oct. 1 is concerned, it has no relation to the action of the bond syndicate, and it will continue to deposit gold until Nov. 1 and Dec. 1 and Jan. 1, if necessary, and if existing conditions make feasible to do so. But neither the bond syndicate nor anyone else can control the elements. But the idea that its relations to the treasury situation will be any different on or after Oct. 1 from what they are now and have been all along, is erroneous and should be corrected."

J. Pierpoint Morgan, the head of the bond syndicate, spoke reassuringly of the outlook. To a representative of the Associated Press he said:

"The bond syndicate is still in the field. There has been no rapture. The syndicate will continue to do all that it can to help maintain the treasury gold reserve at \$100,000,000. The obligation of the syndicate expired, however, some time ago."

Mr. Morgan expressed surprise at the slow movement of the cotton crop and the present scarcity of the bills against breadstuffs. He said that undoubtedly the offering of these bills would be daily increased in the next few weeks and thus be a safeguard against exports.

The following statement was made

in writing by Messrs. Lazard Freres:

JOINED THE SILENT MAJORITY.

Mr. John G. Payne Passed Away Early This Morning After a Lingering Illness.

Mr. John G. Payne, whose critical illness was mentioned Thursday, died this morning at 2:30 o'clock at the family residence on Front street, Fifth ward. He had been in declining health a year or so, tender and careful nursing and the skill of the physicians having failed to check the progress of the disease. His condition had been critical since last Wednesday night.

Deceased was in the forty-fourth year of his age, and was a man of quiet and industrious habits, who enjoyed the respect and esteem of the community. His wife survives him and he leaves seven children, four daughters and three sons.

The funeral will occur Monday at 2 p.m. at the residence. Deceased was a member of DeKalb Lodge No. 12, I.O.O.F., and the funeral will be under the auspices of the lodge.

THE DATE FIXED.

The Reception to Grand Master W. L. Thomas Will Be Held September 26th.

The committee appointed some days ago to arrange for the reception to Grand Master W. LaRue Thomas met at Judge Wall's office last night and fixed upon September 26th as the date.

A banquet and reception will be given in honor of the Grand Master on the date named, from 8 p.m. to 11 p.m., at Masonic Temple. It will be one of the most elegant ever given by the Masons of Maysville.

Committees on invitation, music, reception and banquet were appointed, and Judge Wall was selected as speaker of the occasion.

A GOOD MOVE.

Dry Goods Merchants Who Agree to Close Their Business Houses at 6 p.m., Except on Saturday.

The following is self-explanatory: We, the undersigned dry goods merchants of Maysville, hereby agree to close our respective business houses on each day in the week at 6 o'clock p.m., except on Saturday, when it is agreed that we may keep open as late as we may deem proper.

We believe that the needs of our patrons may be as fully and conveniently supplied under this arrangement equally as well as under the old system of keeping open late at night, as soon as it shall be known by publication, with the advantage of giving both employer and employee much needed rest, as well as greater opportunity for the enjoyment of home pleasures, being now altogether deprived of our "evenings at home."

This agreement is not to be binding unless signed by every dry goods merchant in the city. Any firm desiring to terminate this agreement may do so by giving ten days notice thereof to all signers hereto. This agreement to go into effect on Monday, September 16th, 1895.

CROPS AND BUSINESS.

The Effect the One Has Upon the Other.

R. G. DUN & COMPANY'S REPORT.

Business Has Been Slightly Set Back by Government Reports on the Condition of Crops, but at the Same Time Not Much Confidence Is Placed in Them by Some Business Men.

NEW YORK, Sept. 14.—R. G. Dun & Company in their weekly review of trade says: A slight setback, which may mean much or nothing, according to the final outcome of the crops, is not unexpected at this season. If the government crop reports were correct, the situation would not be encouraging. But not much confidence is placed in the reduced estimate of corn, none at all in the estimate of wheat and even the most enthusiastic bulls do not think it worth while to quote the government report as to cotton.

The fact is that we are beginning to market not far from 2,200,000,000 bushels of corn, though only about 500,000,000 bushels will be moved from the counties where it is grown; about 450,000,000 bushels of wheat, of which the farmers are unwisely holding back a large proportion; and about 7,200,000 bales of cotton, if the later indications are not erroneous, as they very easily may be, to add to the stocks carried over.

The commercial stocks of cotton Sept. 1 here and abroad amounted to 2,100,538 bales and domestic mills stocks were 360,618 bales, allowing not a single bale for increase of stocks at southern mills. Prices have settled back a little during the past week, notwithstanding the gloomy department report.

The wheat crop is evidently larger than the department has estimated, though nobody knows how much larger, and is coming forward with more encouraging rapidity, no less than 5,773,173 bushels having been received at western ports against 5,446,001 bushels for the same week last year, from a much larger crop. The farmers have undoubtedly been keeping back wheat under an agreement among themselves, but it does not seem a profitable operation for them. Exports from Atlantic ports for the two weeks of September have been 2,417,872 bushels, flour included, against 5,310,923 bushels last year. The price declined sharply, about 2 cents per bushel, with little indication of recovery.

The price of corn has also yielded with a strong prospect of the largest crop ever grown and at 35 cents at New York, a large proportion of the crop will be of little profit to farmers.

If we are to have a large crop of grain and a small crop of cotton it is natural to infer that manufacturers may find large transactions at the west but not at the south. There is in fact a very large demand for goods at the west, and westbound shipments from Chicago for four weeks of August amount to only 210,318 tons against 222,144 for the same weeks in 1894.

The largest output of pig iron ever known, 194,029 tons, is apparently supported by a reduction of 64,000 tons in stocks of pig iron unsold, but the fact that the great steel companies have taken large quantities, which are not included in the official statement, renders the account of stocks less valuable. The market for finished products is a little weaker with indications of hesitation on the part of buyers at Philadelphia and Pittsburgh, although prices are on the whole fairly maintained. There is great pressure for delivery of structural products and plates, but bar iron is still quoted at Pittsburgh at 1.45 and tank steel at 1.19 cents. The rapid shipments of Marquette ore during the past week have some influence upon prices of Bessemer products.

Nothing of importance has occurred in the minor metals although tin has been stronger at times with London buying and copper has been helped by the report of a big sale of late at 12 1/4 cents:

Cotton goods have been strong with a comparatively good market for raw cotton but at the close a decline is indicated because the market for raw cotton has shown much weakness.

Sales of wool have been 6,147,900 pounds for the week against 11,311,300 pounds for the same week in 1892, and there are indications that the domestic market is quite overburdened by the speculative purchases made some time ago.

Failures for the week were 187 in the United States against 219 last year, and 84 in Canada against 44 last year.

HOLMES AGAIN INDICTED.

This Time a Philadelphia Grand Jury Finds Him Guilty.

PHILADELPHIA, Sept. 14.—H. H. Holmes, the notorious murderer and swindler, was yesterday indicted by the grand jury for the murder of B. F. Pietzel, whose mysterious death in this city a year ago and the subsequent collection of \$10,000 insurance on his life by Holmes led to the unveiling of the latter's remarkable criminal record.

Holmes is now in prison here awaiting sentence for swindling the insurance company to which he had pleaded guilty, hoping thereby to escape the detection of his graver crimes. The district attorney will press for a speedy trial in this city. Indictments for murder have also been brought against Holmes in Toronto, Indianapolis and Chicago.

Headache.

This distressing malady is caused by a run-down state of the health, and is often a forerunner of other and more dangerous diseases.

Brown's Iron Bitters

cures headache by removing the cause of it; and this is the way it does it.

It purifies and enriches the blood, quickens the action of the kidneys, the liver and the bowels, and gently and pleasantly stimulates the digestive organs, and in fact thoroughly renovates and tones up the whole system—and you have no more headache. And besides it is pleasant to take, and will not stain the teeth nor cause constipation.

Is this not better than dosing yourself with disagreeable and dangerous drugs, which at the best can do no lasting good?

Don't be deceived by imitations. See the crossed red lines on the wrapper. Our book, "How to Live a Hundred Years," tells all about it; should be read by everybody; free for 2c stamp.
